

M. “CHICK” JACOBUS, CLASS OF 1924 (DECEASED)

The following is a tribute written by Joel Lorden for the 50th anniversary celebration of the Western New England Prep School Soccer Association:

One of the founding WNEPSSA coaches, Chick was among the early students at Kingswood School.

After graduating from Princeton University, Chick returned to Kingswood to teach mathematics and engineering drawing and to coach soccer. Kingswood was in its formative years and, fortunately for the School, Chick brought a core of values predicated on integrity and responsibility for one's actions. These values were inculcated in his students in the classroom and in his players on the soccer field.

An outstanding coach of soccer, and one whose love for the game transcended wins and losses, Chick served as president of both the WNEPSSA and the National Soccer Coaches Association of America.
